### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Response to Arguments*

1. Applicant's arguments with respect to claims 1-2, 4-5, 7-16, 18-19, 21-29, 31-32 and 34-38 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claim 1-2, 4-5, 7-16, 18-19, 21-29, 31-32 and 34-38 are rejected under 35 U.S.C. 102(e) as being anticipated by Ismail et al (US 2006/0212900).

Regarding Claims 1, 12 and 28, Ismail discloses an apparatus (FIG.1) with corresponding method and computer readable storage medium comprising:

a control module (FIG.1, 100) to generate an interactive list of content files for presentation to a user based on a profile of said user (105, Para 263 lines 1-10), to retrieve a detailed profile of a user and content information associated with a selected content file, and to select a play sequence of said selected content file based on said detailed profile and said content information; said selected content file comprising a plurality of content segments, each content segment having associated segment information within said content information, and wherein said play sequence comprises content segments linked together through said segment information; and a presentation module to present said play sequence to said user (FIG.42; Abstract; Para 227; Para 264; Para 268; Para 269),

Art Unit: 2426

wherein said control module modifies said play sequence if further selection input is received from said user in response to presenting said play sequence (Para 22; Para 23; Para 263 lines 7-12; user is capable of modifying the play sequence by switching channels or deletion or based on user preference).

Regarding Claims 2, 14, 15 and 29, Ismail further discloses the control module receives an explicit input command from the user, the explicit input command requesting a change in the play sequence of the selected content file and further selects a modified play sequence of the selected content file based on the explicit input command and presents the modified play sequence to the user (Para 263 lines 7-12; Para 22; Para 23).

Regarding Claims 4, 18 and 31, Ismail further discloses the selected content file comprises audio/video data (FIG.1, 105; television programs comprising audio/video data).

Regarding Claims 5, 19 and 32, Ismail further discloses the content information associated with the selected content file comprises a description of the selected content file and news related to the selected content file (FIG.1, 107; Para 67).

Regarding Claims 7, 21 and 34, Ismail further discloses processing the segment information of the each content segment and the profile of the user to match the segment information with the profile, and selects a predetermined number of content segments from the plurality of content segments in a predetermined order to form the play sequence (FIG.44; Para 268 lines 13 - last line).

Regarding Claims 8, 22 and 35, Ismail further discloses the play sequence comprising a predetermined number of content segments of the selected content file in a predetermined order and the modified play sequence further comprises the predetermined number of content

Art Unit: 2426

segments in a modified order requested by the explicit input command (Para 263 lines 10 - last line; the user can explicitly specify an advertising in the sequence of play).

Regarding Claims 9, 23 and 36, Ismail further discloses the control module selecting advertising material based on the profile of the user and the presentation module further presents the advertising material to the user together with the play sequence of the selected content file (Para 268 lines 13 - last line).

Regarding Claims 10, 26 and 37, Ismail further discloses the explicit input command requests presentation of at least one advertisement to the user (Para 263 lines 10-12).

Regarding Claims 11, 27 and 38, Ismail further discloses selecting the at least one advertisement based on the explicit input command and the presentation module presents the at least one advertisement to the user (Para 263 lines 10-12).

Regarding Claim 13, Ismail further discloses a storage module (FIG.1, 106) to store the detailed profile of the user (Para 68) and a plurality of content files including the selected content file (FIG.1, 105).

Regarding Claim 16, Ismail further discloses retrieving the profile of the user and the plurality of content files from the storage module and selects at least one content file of said plurality of content files based on said profile of said user (Para 263 lines 1-7).

Regarding Claim 24, Ismail further discloses the profile of the user is stored in a profile storage area of the storage module (FIG.1, 116).

Art Unit: 2426

Regarding Claim 25, Ismail further discloses the plurality of content files is stored in a content storage area of the storage module (FIG.1, 105).

### ***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
